### *Description*

I am a young woman, I live with my mother and my one year old son. I currently have free time. I spend a lot of time on my computer learning. I know a bit of programming. I like to learn and I learn fast.

I met the Nebulas project because I do the trading and I analyze the project before doing any operation. I am dedicated, perfectionist. I like to dedicate myself to work from home since I can spend time with my son.

I had several jobs. I have not had any problems in any of them.

I have always been outstanding for doing a good job.
